

1996 CHANGES TO THE HARMONIZED SYSTEM

Schedule CXLI – Panama

Submission of Documents

Corrigendum

The following communication, dated 4 February 2003, has been received from the Permanent Mission of Panama.

I refer to documents G/SECRET/HS96/48 and Add.1, and G/SECRET/HS96/48/Rev.1 of 4 June 2002, in which the Secretariat communicates the changes made by Panama for the purpose of correlating the 1992 Harmonized System with the 1996 Harmonized System.

With regard to the aforementioned changes, please be advised of the following corrections:

- (1) The attached Annex¹ lists the corrections to the information submitted by Panama regarding nine tariff headings in Chapter 7604 – Aluminium bars, rods and profiles.

The corrections apply to the following 1992 HS headings:

7604.10.10, 7604.10.21, 7604.10.29, 7604.21.10, 7604.21.90, 7604.29.10, 7604.29.20 and 7604.29.90.

- (2) The bound tariff for heading 7604.29.20 of the 1996 Harmonized System – "Beams for shuttering" – is incorrect. The correct bound tariff for this heading is 15 per cent.

I should be grateful if your Division would ensure that the above corrections are made to the documents mentioned in the first paragraph of this Note and that all WTO Members are notified of the corrections.

¹ In Spanish only.
