ARTICLE XXVIII:5 NEGOTIATIONS

Schedule XIV - Norway

Addendum

The following communication, dated 13 February 1985, has been received from the Permanent Mission of Norway.

Reference is made to document SECRET/297 of 25 February 1983, where Norway notified the CONTRACTING PARTIES its intentions to modify concessions in Schedule XIV contained in CCCN Chapters 51 to 62, and declared its preparedness to enter into negotiations or consultations with interested parties in accordance with the relevant provisions of Article XXVIII.

Since February 1983 Norway has entered into consultations with EC, Japan, Brazil and the United States. The consultations with EC, Japan and Brazil have been terminated without entering into Article XXVIII-negotiations. The consultations with the United States are still going on.

On instructions from my authorities, I am pleased to inform you that the modified concessions, as indicated in SECRET/297, have entered into force from 1 January 1985.
