

1996 CHANGES IN THE HARMONIZED SYSTEM

Submission of Documentation

Schedule LXXIII - Singapore

Revision

The following communication, dated 28 November 1997, has been received from the Permanent Mission of Singapore.

Singapore had submitted its documentation for the implementation of HS96 on G/SECRET/HS96/13 on 12 January 1996 followed by additional document G/SECRET/HS96/13/Add.1. All reservations have been lifted on these submissions. However, it was noted that the proposed schedule containing the HS96 nomenclature was inadvertently omitted from our submission. Therefore, in order to proceed with the certification of the Singapore schedule, we hereby submit the schedule containing the HS96 changes in loose-leaf format.

We further note that the schedule is in conformity with the previous documentation and concordance tables submitted except for the few following technical matters, that were recently discovered. Therefore, the items outlined update the information in the previously submitted concordance tables. The bound rates for the following items in HS96 should read as follows:

<u>HS96 Item</u>	<u>Bound Rate</u>
210690590	S\$65.00/kg
903039000	0%

The concordance tables submitted previously have been updated accordingly for the above two items.

If no objection is notified to the Secretariat within 90 days from the date of this document, the changes to Schedule LXXIII - Singapore will be deemed to be approved and will be formally certified.
