However, there are a few tariff lines that deviate from equal annual cuts, which are noted in the implementation column accordingly. ## SCHEDULE CLX - VIET NAM

**This schedule is authentic only in the English language**

### PART I - MOST-FAVOURED-NATION TARIFF SECTION II – OTHER PRODUCTS

#### HEADNOTES:

- Where there is a rate indicated in the "Final Bound" column, the tariff reduction for that tariff line shall be implemented in equal annual stages beginning from 1 January following the date of accession of the Socialist Republic of Viet Nam to the WTO. Successive reductions shall be implemented on 1 January of each year until the final bound rate is reached as indicated in the "implementation" column. However, there are a few tariff lines that deviate from equal annual cuts, which are noted in the implementation column accordingly. The reduced rate will in each stage be rounded off to the first decimal.
