

## ARTICLE XXVIII:5 NEGOTIATIONS

### SCHEDULE III – BRAZIL

#### *Addendum*

The following communication, dated 5 January 2021, is being circulated at the request of the delegation of Brazil.

---

On 16 April 1996, Brazil submitted a communication initiating procedures under Article XXVIII of the GATT in order to "withdraw its offer of the tariff quota for wheat as indicated in its Schedule III in the form of a note added to tariff line 1001.10.0000", which was circulated to WTO Members on 30 April 1996 in document G/SECRET/7.

Brazil wishes to inform Members of its decision to withdraw the request in G/SECRET/7 and to cancel said Article XXVIII procedures.

As a result, the concession for wheat in Schedule III – Brazil will continue to be that contained in its Uruguay Round Schedule, i.e. a tariff rate quota of 750 000 tonnes for HS92 tariff lines 1001.10.0000 and 1001.90.0100, with a bound out of quota duty of 55% and a bound in-quota duty of 0%.
