Corrigendum

The following communication, dated 28 October 1997, has been received from the Permanent Mission of Hungary.

Reference is made to the document submitted on 29 March 1996 to the WTO Secretariat, containing the HS 1996 changes in the Combined Nomenclature (CN) and corresponding revisions in Hungary's tariff schedule, its Annex II (containing a concordance table between the proposed 1996 CN tariff affected by HS 1996 and the consolidated list of the bound duties of HS 95 Schedule LXXI Hungary), Annex III (containing a concordance table between the HS 95 Schedule LXXI Hungary and the proposed 1996 CN tariff affected by HS 1996).

I am herewith sending the corrected version of the conversions relating to customs tariff numbers 2204 21 and 2204 29 in the said Annexes.

The corrections are of a technical nature, leaving unaffected the bindings committed to in the former Hungarian Schedule LXXI.

Copies of the revised pages are available in paper form only from the Market Access Division (Ms. Wood, Office 3142, tel: 739 50 79).
