RECTIFICATIONS AND MODIFICATIONS OF SCHEDULES

Schedule XXI - Indonesia

The following communication, dated 29 October 1997, has been received from the Permanent Mission of the Republic of Indonesia.

On 15 November 1994, Indonesia submitted some technical corrections to its Schedule XXI, in particular to Section I-B Tariff Quotas relating to dairy products, which was communicated to the WTO Members in document G/RS/21 of 25 November 1994.

Having conducted a series of consultations on this matter with interested delegations, I wish to inform you that the Government of Indonesia would like to submit the attached technical corrections. In considering the response, Members should note the following points:

- The products covered by the tariff quota for "milk and cream of fat and its products" were tariffied by Indonesia in the Uruguay Round and have been included by Indonesia in the tariff quota since the implementation of its Uruguay Round commitments;
- The inside tariff quota rates are all consistent with Indonesia's Schedule XXI.

If no objection is notified to the Secretariat within three months from the date of this document, the rectifications and modifications to Schedule XXI - Indonesia will be deemed to be approved and will be formally certified.
