**Schedule CLIII - The Separate Customs Territory of
Taiwan, Penghu, Kinmen and Matsu**

PART I - MOST-FAVOURLED-NATION TARIFF

SECTION I - B Tariff Quotas

1. The tariff quota access specified in Column 3 shall be implemented on the date of accession. Expansion of tariff quota access shall be implemented in equal installments on 1 January of each subsequent year over the period specified in Column 5. The initial reduction in the in-quota tariff rate shall be implemented in one step on the date of accession, with any subsequent reduction implemented in equal annual installments over the period specified in Column 5.

2. Rice Quota Administration:

Chinese Taipei shall ensure that rice from central stocks shall no longer be prohibited from entering domestic marketing channels for industrial and/or food use. Imports of rice for re-export shall not count against imports under the quota. Chinese Taipei shall lift its ban on imported rice upon accession to the WTO, and establish a quota along the lines of Annex 5, calculated on a brown rice basis. This quota shall be 144,720 metric tons in the first year after accession. Any portion of the quota for private trade which is not filled by 31 December shall be imported by Chinese Taipei authorities by 31 March of the subsequent year. Continuation of the quota beyond the first year after accession, or conversion to a tariff-rate quota, shall be subject to the provisions of paragraph 175 of the Working Party Report and Annex 5 of the Agreement on Agriculture, in particular paragraph 4. Future quota growth shall be consistent with commitments undertaken by WTO Members in connection with negotiations conducted pursuant to Article 20 of the Agreement on Agriculture.

CENTRALIZED IMPORTS

Specification of Imported Rice: Rice imported by the Chinese Taipei authorities shall be tendered to meet internationally recognized standards for trade in rice.

Disposal of Imported Rice: Imported rice shall be accorded no less favourable treatment than rice produced in Chinese Taipei. Imported rice shall have full access to normal marketing channels, wholesalers, distributors, and end users. It shall be priced at a level which ensures that it enters the domestic market at prices competitive with rice produced in Chinese Taipei. Imported rice shall be marketed in a timely fashion so that its quality for table use is not adversely affected by storage time. Imported rice shall not be exported as food aid, nor used for livestock feed.

PRIVATE SECTOR TRADE

Direct Private Sector Trade: Chinese Taipei's quota system for private rice trade shall be conducted through direct private-sector importation. The quota system shall be operated with the objective of ensuring the quota fills with a minimal level of market distortion and that the imported rice enters Chinese Taipei's domestic wholesale and retail markets on conditions no less favourable than exist for rice produced in Chinese Taipei. Chinese Taipei shall increase the market access quota allocated to the private trade by no less than the percentage tendered by WTO Members having recourse to Annex 5, Section A of the Agreement on Agriculture. Chinese Taipei agrees to increase the percentages of private trade to 35% upon accession.

Terms of Trade: Quota allocation certificates shall serve as automatic import licences, in compliance with the Agreement on Import Licensing Procedures and consistent with Article XIII of GATT 1994. All commercial terms of trade, including product specifications, origin, pricing, packaging, etc. shall be at the sole determination of the parties engaged in the transaction. Partial shipments against a single allocation shall be permitted. Traders may import any product or mixture of products subject to the same quota as noted in Chinese Taipei's schedule. All products imported under the quota shall be permitted to be distributed freely within Chinese Taipei without further

trade-based restrictions. Allocation certificates shall be freely transferable and tradable, and certificate holders may have certificates reissued to combine or divide allocations.

Application: All applications for allocation of quota quantities shall be submitted to the Council of Agriculture (COA). Specific conditions for applying for the first quota allocation for each year shall be published in the official journal sixty days in advance of the start of the application period. The application period for initial allocations shall be closed by 30 September of the previous year, unless the timing of accession necessitates a change in schedule for the first year. The application period for reallocations shall be closed by 1 September. COA shall grant allocations and publish and notify the names of recipients and allocation amounts within two weeks of the close of the application period.

Associated Fees: Any and all fees, charges, deposits, duties, etc. associated with the allocation process shall be made explicit in the advance public notification process, and with the exception of ordinary customs duties and/or other charges as noted in Chinese Taipei's schedule, shall be commensurate with the cost of the services rendered. No special performance or bid bond requirements shall be instituted.

Allocation:

Initial distribution of allocations: The initial allocation certificates shall be issued on a first come, first served basis. Allocations shall be established for commercially viable shipping quantities, but a ceiling on the size of any given allocation may be established in advance and published as part of the allocation notification procedures. Allocation certificates shall be valid for product arriving between 1 January and 1 September. The date of arrival shall be defined in accordance with Article 5 of the implementing regulations of the Customs Law of Chinese Taipei as currently in place. Upon request and proof of signed contract before 1 September, COA shall automatically extend the validity date of the certificate to cover products arriving on or before 31 December.

Reallocation of unused allocations: In any year, if the holder of a quota allocation certificate has not contracted for import of the holder's total allocation by 1 September, the unused portion of the allocation shall be reallocated on a first come, first served basis. Reallocation certificates shall be valid for 90 days.
