

ARTICLE XXVIII:5 NEGOTIATIONS

Schedule LXXXVII - El Salvador

Addendum

The following communication, dated 22 May 2007, is being circulated at the request of the delegation of El Salvador.

In document G/SECRET/27, circulated on 2 February 2007, the Government of El Salvador notified its intention to modify its tariff concessions on certain poultry products, provided for in Schedule LXXXVII – El Salvador, in accordance with the procedures established in Article XXVIII of the GATT 1994. Please find attached a report¹ by the delegation of El Salvador on the procedures followed with regard to this matter.

No WTO Member expressed an interest in entering into negotiations in respect of these concessions within the ninety-day period provided for in paragraph 4 of the procedures for negotiations under Article XXVIII of the GATT 1994.

Given that none of the Members expressed an interest in entering into negotiations, El Salvador considers the procedures leading to the modification of the above-mentioned concessions under Article XXVIII of the GATT 1994 to be completed.
