

**SECRET**

**GENERAL AGREEMENT ON  
TARIFFS AND TRADE**

No. 148

SECRET/297  
25 February 1983

Original: English

ARTICLE XXVIII:5 NEGOTIATIONS

Schedule XIV - Norway

The following communication, dated 15 February 1983, has been received from the Permanent Mission of Norway.

The Government of Norway has notified the contracting parties that it reserved the right, in accordance with the provisions of paragraph 5 of Article XXVIII of the General Agreement, to modify its schedule of concessions during the three-year period commencing on 1 January 1982, cf. document TAR/43 dated 23 December 1981.

I have now the honour to ask you to notify the contracting parties that Norway intends to modify concessions in its schedule contained in CCCN Chapters 51 to 62. The concessions to be modified together with relevant import statistics are detailed at Annex.<sup>1</sup>

The background for the modification is the need for simplification of the Norwegian customs tariff, i.e. simplification of the sub-headings of the CCCN four-digit headings. Due account has also been taken of the plans for the Harmonized System so that the system can easily be introduced.

The modification follows in all essentials the principle set out in document TAR/W/25/Rev.2. As a main rule we are offering bindings at a lower or the same level as up to now. We have, however, for technical reasons been obliged to increase the rates for a very limited number of sub-headings. In these cases the new bindings have been fixed by applying the existing rates of the sub-heading or the sub-headings with the majority of trade. Some specific rates of duty have been converted into ad valorem duties. For these sub-headings we have, to the extent possible, given the import value for the years 1979-81. The modification will also result in bindings of some rates which up to now have been unbound.

---

<sup>1</sup>English only

The modification has affected fifty-two CCCN headings with the effect that:

- for seventy-three bindings the rates of duty have been reduced (total import value \$82.9 million<sup>1</sup>),
- for eighty-four bindings the rates of duty have been maintained unchanged (total import value \$267.0 million), and
- for eighteen bindings the rates of duty have been increased (total import value \$6.4 million).

To sum up: of a total import value of \$356.4 million the rates of duty have been maintained unchanged for about 75 per cent, the rates of duty have been lowered for about 23 per cent and increased for about 2 per cent of the total value.

It has been proposed to convert twenty-two bindings with specific rates of duty into ad valorem duties. The total import value under these bindings amounted in 1980 to \$9.5 million.

The import value of the goods falling under the new bindings, i.e. not covered by existing bindings, amounted in 1980 to \$374.1 million.

Norway is prepared, if requested, to enter into negotiations or consultations in accordance with the relevant provisions of Article XXVIII.
