RECTIFICATIONS AND MODIFICATIONS OF SCHEDULES

SCHEDULE XXXIX - MALAYSIA

The following communication, dated 23 April 2021, is being circulated at the request of the delegation of Malaysia.

Pursuant to the 1980 Decision on Procedures for Modification and Rectification of schedules of Tariff Concessions¹, Malaysia hereby submits draft technical rectifications to Schedule XXXIX set out in Attachment 2².

A rectification to Malaysia's schedule, which was certified in document WT/Let/1243 of 28 February 2017, had already corrected a number of errors and inconsistencies that had resulted from the transposition of this schedule into HS1996³. Given the sequence in which the HS transpositions and the rectification took place, these changes have not yet been reflected in the HS2002 transposition of Malaysia's Schedule of concessions that was certified in document WT/Let/793 of 24 June 2011.

As a result, it is necessary to further rectify the authentic text of the HS2002 transposition to correct these errors. With the assistance of the WTO Secretariat, Malaysia has prepared a rectification which aims at:

- (i) correcting the bound duty for one tariff line in order to reflect the level that was recorded in its UR Schedule;
- (ii) changing the binding status for nine tariff lines in accordance with its UR Schedule;
- (iii) deleting tariff line 4407.29.943 in order to better reflect its UR Schedule;
- (iv) aligning the nomenclature used for the bound tariffs in Malaysia's schedule in HS2002 to its applied tariff structure for tariff lines under 12 Subheadings in HS chapter 48 (paper and paper products), which would considerably simplify comparing the bound with the applied tariffs on these products;
- (v) correcting the bound duty and/or product description for 11 tariff lines in order to simplify the complexity of the information contained in Malaysia's HS2002 Schedule of concessions.

Detailed explanatory notes are contained in Attachment 1². Malaysia would like to reiterate that the proposed rectifications are of a purely formal character and do not alter the scope of its concessions during the Uruguay Round.

If no objection is notified to the Secretariat within three months from the date of this document, the rectifications and modifications to Schedule XXXIX - Malaysia will be deemed to be approved and will be formally certified.

¹ Decision of 26 March 1980, GATT BISD 27S/25.

³ Malaysia's transposition into HS96 as certified in WT/Let/498 of 6 September 2005.

ATTACHMENT 1 – EXPLANATORY NOTE

Based on assistance received from the WTO Secretariat, Malaysia proposes to rectify the relevant discrepancies as follows:

(i) Correcting the bound duty for one tariff line in order to reflect the level recorded in Malaysia's UR Schedule

As a result of the rectification in document WT/Let/1243 of February 2017, the bound duty of one tariff line was not correctly reflected in Malaysia's HS2002 transposition certified in WT/Let/793 of June 2011. The following correction is required to reflect the original bound duty as listed in Malaysia's UR Schedule:

(ii) Changing the binding status for nine tariff lines in accordance with Malaysia's UR Schedule

As a result of the rectification in document WT/Let/1243 of February 2017, the binding status for nine tariff lines was not correctly reflected in Malaysia's HS2002 transposition certified in WT/Let/793 of June 2011. The following correction is required to reflect the original binding status for these lines as listed in Malaysia's UR Schedule:

(iii) Deleting tariff line 440729943 in accordance with Malaysia's UR Schedule

Malaysia's Uruguay Round Schedule includes a concession under HS92 subheading 440721 for Yellow Meranti. According to the HS96 correlation tables¹, it should have been classified under HS96 subheading 440726 " - - White Lauan, White Meranti, White Seraya, Yellow Meranti and Alan" (emphasis added). However, this concession was not correctly reflected in Malaysia's HS2002 transposition certified in WT/Let/793 and was incorrectly reflected under HS2002 subheading 4407.29, which does not cover this type of wood. The following correction is required to reflect the original commitment for this tariff line as listed in Malaysia's UR schedule and remove the incorrect reference:

(iv) Aligning the nomenclature used for the bound tariffs in Malaysia's schedule in HS2002 to its applied tariff structure for tariff lines under 12 subheadings in HS chapter 48 for paper and paper products

In the course of verifying the Harmonized System 2002 (HS2002) transposition files prepared by the Secretariat, Malaysia identified 13 subheadings in HS chapter 48 for paper and paper products where the nomenclature used is very detailed and does not correspond to Malaysia's applied tariff structure. Malaysia considers that it is desirable to align the tariff structure of HS2002 subheadings 480220, 480258, 480261, 480262, 480269, 480512, 480519, 480525, 480591, 480592, 480593 and 480890 to its applied tariff structure, which would considerably facilitate ensuring that the bound rates are not exceeded. Although the Schedules of concessions do not normally list the unbound parts of the affected subheadings, they are shown below for a better understanding of the full coverage of each of them. The following correction reflects the original commitments for these tariff lines as listed in Malaysia's UR Schedule:
