**1996 CHANGES IN THE HARMONIZED SYSTEM**

Submission of Documentation

Schedule XIV - Norway

Addendum

The following communication, dated 2 July 2002, has been received from the Permanent Mission of Norway.

---

Introduction of Harmonized System 1996 changes into WTO Schedules of Concessions  
Rectifications to the Norwegian Schedule XIV

Pursuant to the procedures for the implementation of the 1996 changes in the Harmonized System, please find enclosed certain rectifications to Schedule XIV – Norway<sup>1</sup>.

The rectifications have been made as a result of consultations with four Members having previously made reservations to the Norwegian Schedule (as notified in G/SECRET/HS96/11 and Corr.1). As correctly pointed out by several parties, there were some misprints in the Norwegian list, i.e. in pages 179, 211 and 231 for industrial goods, and pages 10 (commodity code 06.01.200) and 44 (commodity code 16.02.390) for agricultural goods respectively.

All reservations to the Norwegian Schedule have now been lifted. Please find enclosed the revised versions (corrections in bold print) of the pages mentioned above.

---

If no objection is notified to the Secretariat within 90 days from the date of this document, the changes to Schedule XIV - Norway will be deemed to be approved and will be formally certified.

Copies of the above-mentioned documentation are available in **electronic form** on the WTO Members Homepage (<http://members.wto.org/>, go to WTO Resources, then Market Access Schedules on Goods (login), and then to Harmonized System (HS) 96).
